CONFEDERATE DEAD.

The graves and burial grounds of Confederate Soldiers are, by Governmental authority, allowed to be cared for by the living comrades of the honored dead; and, acting under such permissive sanction and in compliance with General Orders No. 22, from the Headquarters of the United Confederate Veterans, published below, the undersigned assumes supervising control of the various Confederate cemeteries and burial grounds within the territory comprising his division district.

HEADQUARTERS UNITED CONFEDERATE VETERANS, }
NEW ORLEANS, LA., Nov. 21, 1891. }

GENERAL ORDERS No. 22.

I. In order to properly and faithfully carry out the "Benevolent and Historical" objects of this organization, as has been requested, the General commanding deems it necessary to form two divisions in the Northern States, one east and one west of the line of the Alleghenies, each to be officered by a Major-General, who will be appointed by him upon the recommendation of the Confederate Veteran Camps in Chicago, Ill., and in New York City, to be made not later than December 15, 1891.

II. It will be the duty of these Major-Generals when appointed to organize camps and take steps to care for and assist the disabled, indigent, helpless and distressed ex-Confederate soldiers and sailors in their respective departments, and to protect their widows and orphans; also to have charge of the Confederate dead buried at Gettysburg, Fort Warren, Camps Morton, Chase, Douglas, Oakwoods Cemetery at Chicago, Johnson's Island, Cairo and all other points; to care for and have the graves of the known and unknown dead annually decorated, to preserve and protect the headstones; also to obtain and compile the names and commands of all the Confederate dead buried at every point in the North, which lists this Association will publish through the medium of its camps all over the South, so as to give relatives and friends correct information of the last resting places of these Southern heroes, their and our beloved dead, thus rescuing their names from oblivion and handing them down in history.

In this philanthropic and holy work the General commanding, and these headquarters will render all possible aid.

By order of J. B. GORDON, *General Commanding.*
GEO. MOORMAN, *Adjutant-General and Chief of Staff.*

Therefore, pursuant to the mandates of Order II, quoted above, and with the view and purpose of carrying out the instructions

contained therein, the Division Commander does hereby request assistance in the premises and makes the following

APPEAL FOR MONUMENTAL AID.

To Former Comrades in Arms, Sympathizing Citizens of Southern States, and to Whomsoever Else It May Concern:

FRIENDS.—There are nearly 2,500 Confederate dead buried on Johnson's Island, Lake Erie, and in the cemeteries at Columbus, Ohio; and, by permission of the General Government, it is the purpose and intent of the living associates of the departed heroes to erect such appropriate monuments over their soldier remains, and otherwise care for the graves and special burial grounds, as can be executed with the means at hand, together with that which may be hereafter received. Therefore, the undersigned announces the necessity for raising a limited "Monumental Fund," and appeals to all sympathizers, without regard to their locality or condition, to contribute such a sum as each can afford to bestow for the worthy purpose.

To die at any time is the hardest service a soldier can render to his people, but to die in a prison hospital far from family and friends and be buried beneath soil away from home and in a then adverse section, is the giving of life for the "lost cause," under such circumstances, as might well awaken sympathy even among the most unimpressionable. The soldiers of the Confederacy who died within the borders of Southern States have not been forgotten, and their graves are kept green and constantly cared for by loving hands; is it then not a noble charity from all, and a sectional duty from comrades and Southern people generally, to contribute as they can afford—to monument American valor and mark the hero remains of those who, almost unknown, in a hostile prison camp, ended their service to the cause in the grave?

Time has fortunately blunted the bitter feelings of hatred between the sections of the late civil war, a united country is enjoying prosperity, the people are happy, the soldiers of the Southern "battle cross" are now respected, certainly by those who crossed swords with them, and the Government is anxious that the living comrades should properly mark the resting places of their dead Confederate associates and care for their graves and burial grounds!

Consequently, a donation is sought of the living to monument the dead; and, whomsoever desires should contribute according to the interest felt and substance possessed.

The undersigned contributes his services and bears the expense of travel, correspondence, etc., and guarantees that every cent subscribed to and received by him shall be expended toward the erection of the proposed monument and care of the said burial grounds. With that view he has made arrangements with "The Merchants' Loan and Trust Company," one of the wealthiest banks of the city of Chicago, to receive and retain on deposit, bearing interest, to be computed and entered up monthly, all moneys that shall be subscribed for the above referred to purpose, and to pay out such funds only for work actually done, on proper checks drawn by the depositor when countersigned by the Chairman of the Auditing Committee having charge of the expenditures for the proposed monuments, etc. [See deposit contract appended.]

It is estimated that the cost of erecting monuments commensurate with the possibilities of subscriptions to be obtained therefor and of such magnitude as will do credit to the cause, together with the expense of preparing grounds, etc., will reasonably cost from ten to twelve thousand dollars, all of which will have to be raised through donations to be made by sympathizing friends. Therefore, amounts of one dollar and upward are solicited, and all donations should be accompanied with a roster of the donors, giving amounts subscribed by each opposite the proper name; and all subscriptions (where it is possible) should be paid by check, draft or money order, made payable to the said "Merchants' Loan and Trust Company," and be forwarded to the undersigned at Division Headquarters in the Exchange Building, Chicago, Ill.

Trusting that this appeal for co-operative aid will receive the support that its merits deserve, I have the honor to remain

Very truly and sincerely, JNO. C. UNDERWOOD,
Major-General, Commanding.

P. S.—It is also proposed to raise funds by limited subscription, with which to care for the Confederate dead buried at other places within the territory comprising the Division District.

PERTINENT CORRESPONDENCE.

THE Major-General commanding is indebted to Col. W. E. Reppert, of Columbus, Ohio, for much of the information herein published, and invites the attention of those interested to the following communication:

COLUMBUS, OHIO, FEBRUARY 25, 1892.

GEN. JNO. C. UNDERWOOD,
Commanding,

N. W. Div. U. C. V., Chicago, Ill.

DEAR SIR—Enclosed is the list of Confederate dead, and the plat of the burying-ground on Johnson's Island, in Lake Erie, opposite Sandusky, Ohio.

This was compiled by Chaplain D. W. Tolford, by order of Governor Cox, in 1866. The names were taken from the headboards of the graves at that time, and the plat made to correspond. Those that are marked unknown either had no headboard or Chaplain Tolford was unable to decipher.

I presume, as quite a number died with small-pox, their comrades were not able to distinguish their graves, or erect headboards.

The title to the graveyard on Johnson's Island is held by Mr. Johnson, owner of the Island. The Government, at one time, did, I believe, try to obtain the title, but was not successful.

There is no danger, however, of any of the dead being disturbed as long as Mr. Johnson lives. I have no doubt that suitable arrangements could be made to obtain the title at his death.

I visited the Island some years ago, in company with Capt. Young, U. S. Quartermaster, who had erected, by order of the Government, an iron fence enclosing the graveyard. At that time there were a great many headboards standing. Some of them were very handsomely carved, with Masonic and other emblems on boards, that stood about three feet high, an inch and a half thick by eighteen inches wide. Being of pine, however, they were fast decaying and falling down.

At a very little expense the graves could all be mounded up and properly marked.

Yours truly,

W. E. REPERT,

NOTE.—In the foregoing list the numbers in parentheses under "date of death" are taken from a list of prisoners of war who have died at Johnson's Island, sent me by the Commissary General of Prisoners. They purport to be the numbers of graves for 1864 and 1865, but they are very irregular, interspersed with blanks, some following the dates of death, and some running inversely, and they do not, by any rule that I can arrive at, correspond with the actual location of the graves in the cemetery. I have, however, inserted them in the list, as indicated, opposite the names against which they stand in the list of the Commissary General. I have also placed them in small figures in red ink upon the plat^s as they are evidently intended to mean something. The regular numbers running from 1 to 206 indicate (as seen in the plat) the actual location of the graves in the cemetery. The readings in parenthesis are also from the Commissary General's list—evidently errors in transcription, but I have inserted them. For instance: No. 148 reads upon the headboard "John J. Gobeau," but in the list of the Commissary General, "John J. Gobo," and so on. The text is taken from the headboard inscriptions at the cemetery, undoubtedly most correct, but I have compared it with the list of the Commissary General and inserted his variations.
